

Job Title: Production Operative - Evening Shift

Hourly Rate: £10 per hour (plus additional bonuses)

Contracted Hours: 40 hours, Monday-Friday, 17:00-1:45

Role Summary

Ensure an efficient and uninterrupted production line whilst maintaining a high quality and safe for consumption product across the whole range. Previous experience in a food production business and a sound knowledge of production machinery including vertical form fill seal machinery and multi-head weighers is required. Training is provided with opportunities to increase your base pay by learning and qualifying with skills such as machine operator, first aid and fire marshal.

Duties

- Our team are cross trained so everyone knows all parts of production (except machine operation)
- Operating our vertical form fill seal machine (VFFS) efficiently
- Operating the inspection line and fruit breaker line – belts where product is passed over and any unwanted physical contamination is removed (such as bit of stalk, etc).
- Operating the feed to our multi head weigher – adjusting the feed of product into the weigher to prevent over/under weight bags.
- Packing the finished goods into plastic totes ready for receiving the goods into the warehouse
- Completing production paperwork to ensure traceability throughout the production process
- Cleaning of equipment efficiently and effectively
- Operating our form fill seal machine efficiently – the right candidate will undergo training
- Product quality inspections and testing
- To join the warehouse goods out/goods in team when required

Skills

- Experience and a sound knowledge on the operation of VFFS machinery and multi-head weighers required
- Experience of working in a food production environment
- Food safety training level 2 and above (training can be provided)
- Knowledge of preventing cross contamination of allergens
- Candidates must be physically fit and comfortable lifting up to 25kg and working on their feet for 8 hours per day
- Applicants with food allergies should note that our facility processes Nuts, Soya, Sesame, Gluten containing products, Sulphur Dioxide containing products and Milk containing products and at times production can be dusty

Benefits

- Competitive rate of pay with additional bonuses (attendance bonus, company bonus, overtime bonus)
- Generous holiday allowance increasing with length of service
- In addition to your pay the company will contribute to your pension
- A share in the company profits paid monthly depending on company performance, you make a difference
- Opportunity to become a trained Fire Marshall or First Aider (annual bonus applies)
- Opportunity to become trained on the VFFS machine (hourly bonus applies)
- Annual contribution to safety footwear
